And The Winners Are...

Place For Rock Brewery Raleigh

The Brewery was an easy choice for our rock and rolling respondents. By more than ~~two-to-one~~, you chose the room that brings in the best local, national and international talent — and usually five nights a week. Duking it out for second place, it's Chapel Hill's Cat Cradle and Raleigh's Switch — the veterans.

*Sarah,
Without your help, this
would not have been possible.
Your professionalism and enthusiasm
have made this year easy. Let's
anticipate one more great year!*

Acoustics In A Nightclub

Raleigh

The booming bass and shimmering treble must make it difficult to hear all those terrible pick-up lines. When Triangle partyers want to boogie to the best-sounding, they step out to Cheers. The Brewery's finely tweaked house PA takes second, and Rhythm Alley third. Our committee hastens to add that it's a lot tougher to mike a drum kit than a deejay.
